

Tanglewood

Phone the cops or phone Alice. But just don't expect life to ever be the same after you make that call... When two neighbouring Dublin couples decide to cooperate in building a townhouse that straddles their gardens, they have no idea that its construction will expose the fault lines within their relationships - and lead to a panicked decision one night when the two husbands, Chris and Ronan, are confronted by a situation that could be catastrophic for their families. The consequences of their actions cast these law-abiding men adrift into unknown territory, propelled into a new moral landscape from which it seems impossible to return. Written by a master story-teller, *Tanglewood* is an incisive dissection of Ireland in 2007, when - unbeknownst to the two couples - the Celtic Tiger edifice is quietly imploding. It is a bittersweet examination of the simmering tensions, intolerable strains and unbreakable bonds of memory and love that can simultaneously exist within marriage. Praise for *Tanglewood* - "Tanglewood is an outstanding piece of work by one of our most mature and courageous writers, one who is unafraid to hack his way through the tangles of contemporary Irish life and write a rare thing in Irish fiction: a serious state-of-the-nation novel." - The Irish Times

Only a writer of Bolger's precision and suppleness could wade back through the nation's self-loathing into that mess and mine new truths, treasures to be heeded and learned from... Bolger isn't meditating on regret, love, moral fibre, greed and *carpe diem* - he's setting the record straight on them... This is storytelling that

flows deep and soundly, and brims with a hard-earned wisdom...sublime. - Sunday Independent
 well-wrought, considered, layered and evocative.â€™ - Irish Examiner
