

Happy Ever After - Volume 2: A Novel of Horror and Suspense

Volume 2 contains the following books from The Peter Chronicles:

PETER: Vanessas gone now. The quietness of my house broken by the ghosts in the garage. Cash saved to live my life with Vanessa didnt last as long as I had hoped. Need a job. Extra cash and the chance to get out of the house. Be nice to meet new people. Be nice to fit myself back into society. Be safe... now Ive realised the errors of my way... Yes... get back out into society. Become a team-player... make amends for what Ive done... And who knows.... might even meet someone new. Peter is the sequel to Matt Shaws best-selling Happy Ever After Trilogy - told through the main characters eyes as he desperately tries to make amends for the lives hes taken... tries to sit back into a normal society... tries to prove he isnt The Monster he fears he is... **All Good Things:** First there was the Happy Ever After Trilogy, then there was Peter now Matt Shaw brings you the final part of Peters story in All Good Things. I thought my life was easier now. Since coming to terms with the fact Im a monster - my days were supposed to be less confusing. Monsters, such as myself, arent allowed Love. We certainly arent allowed our own Happy Ever After... so there was no point looking anymore. Just carry on with my newfound mission.... punishing the bad women of the world and rescuing the abused. But then she came along.... this new woman... She confused everything with the way she acts around me. Does she love me like I imagine her to or is she just another one of the many teases.... or maybe Im just reading the signals wrong. No. Im sure thats not the case. She seems to

be genuine... and genuinely interested. They say you find Love when you stop looking. Is that what's happened? I stopped looking and Love found me?! Maybe All Good Things do come to those that wait... Told through Peter's eyes - All Good Things is the gripping, and twisted, conclusion to Peter's story. Will he really find the Happy Ever After he's so desperate for or will it be yet another dead-end (and dead girl)? Once Upon a Time: Although possible to read as a stand-alone story, Once Upon a Time is part of The Peter Chronicles. To get the most from this book you are best reading it after you have enjoyed The 9 Months Trilogy and Happy Ever After. *** This book contains scenes which some readers may find distressing *** Before you can have your Happy Ever After you need your own Once Upon a Time and this is Peter Jenkins. The traumatic childhood - and teenage years - of a man who became a monster in his desperate search to find True Love. ***BONUS*** Contains Peter's Medical Records!
