This carefully crafted ebook: The Collected Barsoom Series (6 Unabridged Mars Novels - includes all John Carter books) is formatted for your eReader with a functional and detailed table of contents. Barsoom is a fictional representation of the planet Mars created by American pulp fiction author Edgar Rice Burroughs. The first Barsoom tale was serialized as Under the Moons of Mars in 1912, and published as a novel as A Princess of Mars in 1917. Ten sequels followed over the next three decades, further extending his vision of Barsoom and adding other characters. The world of Barsoom is a romantic vision of a dying Mars. Writers and science popularizers like Camille Flammarion, who was convinced that Mars was at a later stage of evolution than Earth and therefore much more dry, took the ideas further and published books like Les Terres du Ciel (1884), which contained illustrations of a planet covered with canals. Burroughs gives credits to him in his writings, and goes as far as to say that he based his vision of Mars on that of Flammarion. Edgar Rice Burroughs (September 1, 1875 – March 19, 1950) was an American writer, best known for his creations of the jungle hero Tarzan and the heroic Mars adventurer John Carter, although he produced works in many genres. Content: A Princess of Mars (1912) The Gods of Mars (1914) The Warlord of Mars (1918) Thuvia, Maid of Mars (1920) The Chessmen of Mars (1922) The Master Mind of Mars (1928)
