

Alien Romance: The Chosen Ones (Book 1): A Sci-Fi Alien Invasion Romance Saga

The laws have finally caught up with the times and now the Noxioms are finally allowed to attend colleges. Hannah Nichols wanted away from the hate her father created, but when she ends up partnered up with a Noxi who makes her heart race, she knows she's in big trouble. So far she has managed to keep her father at bay, but then her brother sticks his nose in her business bringing more complications than she ever wanted. Wyser is thrilled when he meets Hannah, and her mind and body calls to him, literally. He's a dream walker and finds himself falling for her in his own made up reality. There they can be what they want, do what they want, but in the real world she decides shutting him out of her life is the better plan. Will Wyser be able to break down Hannah's walls forcing her to face her own demons or will she shut him out for good shattering his already bruised heart? This book contains mature themes and language, only suitable for ages 18+!
